Security (5 marks)

- Users who are **not logged in** are redirected to the login page.
- Users without appropriate roles for a page will see a **warning message**.
- Users with valid roles will have their **name, role, and EmployeeID** displayed.
- **Employee roles** will have buttons, text boxes, or entire pages **disabled or hidden** based on their permissions.
- **Manager roles** will have **full access** to all features and pages.

Save Function (7 marks)

- **Validations** – 2 marks (*Covered in Session 6 & Session 8*)
- **Updating entities** – 2 marks (*Session 8 – Parent and Child CRUD – No Delete*)
- **Error handling** – 1 mark
- **Saving** – 2 marks (*Session 6 – Single Table CRUD – No Delete Using MudBlazor*)

Bonus Marks (2 marks)

- **Group (1 mark):** All pages are **concise and professional** across the entire project.
- **Individual (1 mark):** Your individual pages are also **consistent, concise, and professional**.

Presentation (2 marks)

- Clear explanation of the project and each team member's contribution.
- Professionalism in speaking, pacing, and visuals.

Penalties (Up to -5 marks)

- Missing validation for methods that have parameters.
- Weak or incorrect validation of integers (not following programming standards).
- Not using appropriate **exception types** or **exception properties**.
- Other violations of general **programming practices**.

- **Project Failure to Run:** Due to the time that has been allocated to you for the project, any individual service that fails to run successfully will earn **zero marks** for that individual. Please work with both your group and your instructor to address any questions you may have.
